# OUTRIGGER. Share 4 Change

OUR COMMITMENT TO THE LOCAL COMMUNITY

[Outrigger.com](http://Outrigger.com)

We believe that the local community must benefit from our presence in it and we are grateful that this is a belief shared by our suppliers, our employees and you—our guests.

**OUR CURRENT PROJECT** is the improvement of the Khok Wat Mai Primary School in Thalang district, approximately ten minutes' drive from Laguna Phuket. It is a government school that, through no fault of its own, does not receive the funding it needs and deserves. The ninety students come largely from broken families and from families that have moved from the poorer provinces of Thailand in search of better opportunities in Phuket.

#### THE PROJECT INVOLVES THE REPAIR AND RENOVATION OF THE SCHOOL'S

- + Playground
- + Library
- + Toilets
- + Drinking water fountains
- + Canteen

We also work closely with the teachers and the students at the School, assisting with English education and introducing the students to the hotel industry in the event they wish to pursue a career in hospitality following completion of their education.
